Good & Welfare:

- None

Twelve Concepts Report

The speakers and panelist are in place the auditorium is reserved. The menu is planned the literature has been discussed and Jay M. is to get an order form to you for literature. The only details to work out are our announcing to the fellowship of the seminar. We discussed using different graphics on each flier we send as to get their attention.

We asked GSR's to get their home groups involved by asking for greeters.

We need to make a statement about smoking on the fliers and the seminar program and have our M.C. announce at the beginning of the seminar the hospitals policy on smoking.

We will have two more committee meeting on this seminar next meeting will be 3:30pm @ The Paradise Club 3rd Saturday in March 20th and April 17th 2010.
